

# Construction, Simplified

Smarter systems. Better tools. Full accountability.  
We're working to make construction faster, clearer, and less  
chaotic—one beautiful project at a time.

## What We Do

We're a full-service general contractor and construction company operating in New York City, the Hamptons, and throughout [Florida](#). We specialize in architecturally driven residential and commercial construction, working closely with discerning clients, architects, and developers to deliver projects that are both beautifully crafted and built to last.

Our mission is simple: to bring structure and clarity to every job—so work runs cleaner, decisions move faster, and every detail reflects the highest standards.

With in-house millwork manufacturing, proprietary project management systems, and a systems-based approach to execution, we deliver precision and consistency from preconstruction through closeout.

# Why CooperBuild

## Clarity Over Chaos

Clear scopes. Tight coordination. Fewer surprises. Our [preconstruction planning](#) ensures every detail is covered.

## Building Better Systems

We don't have every process optimized—but we're improving them with every job. See how we work on our [project portfolio](#).

## Own the Outcome

No excuses. No finger-pointing. Just clean execution.

## Built to Last—and to Look Good

We care about the finish, the detail, and the feel of the space—because beauty matters, too. Our [custom millwork](#) showcases our attention to detail.

## Low Ego, High Standards

Construction is a team sport. We respect the trades, the drawings, and each other.

# Our Clients & Their Feedback

★★★★★ 5.0 out of 5 based on 13 reviews

Tali Roth

★★★★★ 2 months ago

Cooper are incredible. They care a lot about getting the job done and they invest heavily in the outcome of the project. Their joiners are second to none. I'd use them again.
