Why Choose Midland Exteriors?

Replacement Fiberglass Windows, Doors, Siding, & Gutters

A Flawless Finish, Every Time

As a family-owned company, we are committed to redefining your remodeling experience. We've thoughtfully removed the common frustrations of this industry, so your project is seamless and the results are absolutely perfect.

Impeccable Installations

Elevate Your Home With Premium Materials

When it comes to your home, we believe in providing nothing less than the best. Just as you'd choose premium for the most important things in life, we meticulously select **exceptional, high-performance materials** for your exterior. This ensures not only **beautiful, lasting results** but also **greater value and peace of mind** for your family for years to come.

Results 1st, Profits 2nd

Longest Warranties For Unmatched Protection

We understand that investing in your home is a big decision, and you deserve complete **peace of mind**. That's why we stand behind our work with **the longest warranties** in the industry, ensuring your home's beauty and performance are protected for the long haul. While our approach prioritizes truly distinct, high-quality installations over quick fixes, you'll join thousands of delighted homeowners who love their beautiful, long-lasting upgrades.

Lifetime Window Warranty

Siding Warranty

Clear Communication, Every Step of the Way

Over the years, we've continuously refined our approach to ensure the best possible experience for you. Yet, one foundational value has remained unwavering: our commitment to **open, honest, and comprehensive communication** from start to finish. You can truly relax, knowing there will be **no surprises**, absolutely **no sales pressure**, and **100% accurate quotes** you can confidently rely on.

Open Communication

20+ Years of Experience, Trust Our Proven Process

We understand that choosing a partner for your home's exterior is a significant decision, and trust is paramount. That's why we speak with such confidence about our history and promise you **absolute craftsman-level work** —because we have the proof that truly matters. For instance, across 1,000 seamless steel siding projects right here in Kansas, we are incredibly proud to share that **not a single warranty claim was filed**. This commitment to excellence means you can feel truly confident and comfortable throughout your entire project with us.

A History Of Trust

Exceed Expectations For Homeowners

While we always strive for perfection, we understand that no one is 100% flawless. But here's our promise to you: should any detail not meet your expectations, we won't stop until it's not just right, but **better than right**. Our reputation is built on putting **people over profits**, and we hold our **accountability to you** as our most sacred commitment.

Melissa G

On the date of installation, they showed up on time, and although it was incredibly windy, they worked diligently to make sure the job was completed as scheduled. I would definitely recommend this company!

Charesa L.

I had my old gutters removed and all new ones replaced. I got multiple bids and theirs was detailed and offered me options. They were able to match my house paint color to make my HOA happy. They gave nice suggestions to improve the drainage away from our home. They provided frequent updates as they were waiting on some of the supplies to arrive. I have been very satisfied with their service.

Mike F.

They showed up and did a great job!! Inexpensive and well done. I will use them again if we have any siding issues.

Brittni C.

Everyone was great. Shannon was great with communicating with me and scheduling. Ryan was great with coming out and giving me an estimate. Monte and his crew were great when they came out to put everything in and clean up.

Tom B.

I was most satisfied with the installation because they are good people, friendly, and did the job very well.

Maxine R.

Jamie and all the employees are wonderful to work with. Helpful, understanding, easy to work with and they feel like family. They show up when the appointment has been made, and work very efficiently, and clean up when job is done. Windows are wonderful for replacements. We did not have any unfinished work when the job was complete. Very happy with them!
