OUR PROCESS

OUR MISSION

OUR VISION

Our Process

Scheduling the Appointment

You can either reach out to the healthcare center directly or use the “book appointment” above to schedule an appointment. You will receive available timings. From there, you can pick one to receive your personalized care.

Attending the Appointment

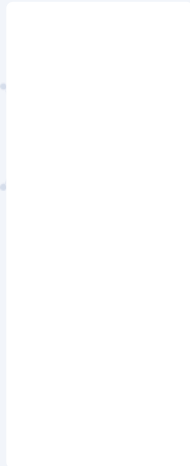

You will visit the healthcare center, and register at the front desk. Then, you will wait in the designated area until a doctor is ready to take your appointment. The physician will then assess and examine you, and give you medical advice.

Post-Treatment Check-In

You might be asked to do additional tests to assist your diagnosis. You will get a prescription or care tips. Then, we might plan a follow up or advise a routine check. And we'll let you go!
