## Maintenance/ On-Going Cleans

We understand that cleanliness is an ongoing commitment. Our comprehensive maintenance and ongoing services are designed to keep your environment spotless and welcoming year-round. We offer weekly, bi-weekly, and monthly cleaning services.

## Deep Cleans

Our deep cleaning service provides a thorough interior scrub of your home. If you choose to enroll in our ongoing services, we recommend starting with a deep clean followed by regular maintenance cleans. This initial deep clean ensures every surface receives an extra level of attention, including detailed baseboard cleaning.

## Move In/Out Cleaning

Our move-in/move-out cleans offer an extensive deep clean, including the interiors of cabinets, the fridge, and the oven. These services are ideal for those moving out of their home, preparing a property for the market, moving into a new home, or anyone seeking a thorough clean of every interior surface.

## AIRBNB Turnovers

We work with Airbnb hosts all over Bronx & Westchester Area to do full turnovers before new guests arrive. We get your home looking brand new. Our turnover service is extremely personalized. Before doing our first clean, our team will have a consultation with you to build out a custom checklist with everything you need done.

## Post- construction cleaning

Our post-construction cleaning service is designed to transform your newly renovated space into a pristine environment. We tackle all mess left behind after construction, including dust, debris, and leftover materials. We provide a thorough and efficient cleaning to help you quickly enjoy your new or updated space without the hassle of construction residue.
