“ Christine responded quickly to my initial request for information. I was impressed with her philosophy for cleaning and response to my particular cleaning needs due to an upcoming sensitive medical procedure. Precious did a great job. She was thorough and pleasant. I never thought I would ever see my stove and refrigerator look as spotless as they did when she was done!

WHO WE ARE?

*Grandma Rosa home after
a day of cleaning - 1984*

Inspired by my late grandma, Rosa, who worked as a housekeeper for the majority of her life, our company is built around the principles of caring for clients AND caring for our professional housekeepers. Grandma Rosa had an exemplary work ethic, strong attention to detail, was nurturing and a teacher. Rather than just tell me, she was adamant about showing me. With all that she contributed to her home and her career, she was truly undervalued and underpaid.

In 2019, I decided to start Checklist Maids and knew that I wasn't going to keep the status quo, but rather I would treat the cleaners that partnered with me differently. As a result, I decided to honor the trade my grandma did her entire life by creating a cleaning company focused on wellness, customer care and appreciation for our cleaners.

A MEANINGFUL APPROACH TO CLEANING

This is your home, and as a homeowner in Queens, I too know how important that is. Checklist Maids will only match your bookings to qualified home cleaners who have passed our screening and onboarding process. The housekeepers we work with must have professional house cleaning experience with a track record of satisfied clients, professional industry training and/or the equivalent in work experience, and must pass a background screening and reference checks. Checklist Mais intentionally selects the best home cleaners.

A SIMPLE BOOKING EXPERIENCE

Our focus is to make things easier for you so we offer 24/7 online booking as well as streamlined communication systems (you can call or text). In other words, you can book online or over the phone. Once you've booked an online account is automatically created for you so changing a date of a cleaning, adding or removing extras, and more can all be done online as well. Our pricing is transparent and online booking can be completed under 1 minute.

CUSTOMER CARE

With Checklist Maids, you won't have to change your point of contact in order to try out different cleaners. By having the freedom to request a different match, you may find that the cleaners we work with are more quality-conscious and accountable in order to keep you satisfied whereas with an employee at a large cleaning company the personal investment in each client may not be as high of a priority. Basically, our cleaners want you to book with us again and to request them, so they take each and every customer seriously.

APPRECIATING OUR CLEANING PROFESSIONALS

Checklist Maids is locally-owned and the cleaners are paid more than the industry standard as a reflection of our policy of giving back to the community and making sure that our working personnel earn a livable wage.

WHY CHOOSE CHECKLIST MAIDS

We take pride in our uniqueness because it ensures that you get quality home cleaning services with seamless communication, and your professional cleaner gets complete job satisfaction!

To help you get a handle on how we work, here are some highlights of our standards:

- All house cleaners interviewed in person
- Only experienced house cleaners matched with you
- Screened & vetted maids for security
- Bonded & Insured
- Fair rates for all for both our client & the maids
- Book your cleaning session online in seconds
- Payments are taken on our secure server
- We use green cleaning products for the health of your home and our maids
- Same cleaner each visit or request new match

Inspired by my late grandma, Rosa, who worked as a housekeeper for the majority of her life, our company is built around the principles of caring for clients AND caring for our professional housekeepers.

Grandma Rosa had an exemplary work ethic, strong attention to detail, was nurturing and a teacher. Rather than just tell me, she was adamant about showing me.
