Since 1992, Rothwell Landscape, Inc.

MAKING MANHATTAN & THE SURROUNDING AREA BEAUTIFUL FOR
OVER 30 YEARS!

About Rothwell

Landscape, Inc.

Rothwell Landscape, Inc. was started by Jason Rothwell. His business venture began as an 11 year old boy mowing lawns in the neighborhood. As time went by, he obtained a drivers' license and began to branch out to neighborhoods other than his own. Rothwell Mowing was the name and soon customers wanted leaves raked, bushes trimmed, and flowers planted, the business began to grow. Rothwell Landscape, Inc. was born in 1992. Jason hired his first employees in high school and when he graduated from Manhattan High it only seemed natural that he continue his education at Kansas State University in the Horticulture Department. As he pursued his degree in Landscape Design, he had already begun to take on landscape projects. The business was flourishing as Jason juggled full time school and a full time business.
