Our Comprehensive Dental Services in NYC

We keep our patients well-informed about specific dental services and use only the latest dental instruments in the industry, such as digital x-rays, which reduces exposure to radiation, and chemical or autoclave sterilization. Additionally, all your important records and claims are kept safe on a secure computer system.

Dental Implants

Our dental implants can be used to replace one or more lost teeth in a safe and effective manner. Dental implant costs have decreased, allowing all of our patients to benefit from this effective tooth replacement option.

Cosmetic Braces

Straight teeth are not only more attractive, but are also simpler to clean. Braces are available to treat a range of tooth alignment problems. Our dentists correct crooked or crowded teeth, a misaligned bite, and jaw difficulties.

Sola Agbaje

"I don't know how long I have been going to City Dental NYC, their dental office is clean, staff is professional, I always recommend friends to go to City Dental because they have best dentists in NYC. I lived in Farrockaway, I have to take 2 trains because I like going to their office, they treat you the same, whether you are white or black, the staffs are so friendly. Keep up the good work. God bless."

Carine Ward

"My dental experience has always been a great one here, from the front desk to the dental assistance and the best Hygienist, the dentists are good as well. I would and have recommended City Dental Group NYC to my friends, family and peers. Thank you for always showing me and my son a great dental experience!"

Maritza Fabian

"I travel 4 hours to City Dental Group NYC. It was definitely worth the trip. Dr Papando and his staff were great. Even a day after my dental procedure, I received a call from the receptionist to see how I was doing after the dental procedure. I had a great experience at City Dental and I would like to thank my sister Tracy Smith who referred me to the best dentist in NYC, Dr. Anis Papando."
