I've been a patient here for over 20 years, and they've taken care of everything from my fillings to cleanings, cavities, and yes... even root canals (plural, lol) all without a single moment of pain. From the receptionist to the hygienists to the dentists, the whole team is patient, communicative, and very honest. The patient examination rooms including the bathrooms and patient waiting areas are very clean. Even after moving away from Staten Island, I still come back

Excellent experience. I'm not a big dentist fan but I actually made a follow-up. The staff was excellent from booking to cleaning, x-Rays and follow-ups. This is the first time I wasn't stressed about going back. I highly recommend Family And Cosmetic Dentistry of Staten Island. Brianna great job.. no pain!

I have been going to Family & Cosmetic Dentistry of Staten Island for 30 years. Dr. Stanislaus & all the dentists are wonderful. They explain procedures well & make patient's feel at ease. The dental hygienist's are also competent & thorough. The staff is friendly. Joanie, the receptionist is very accommodating when scheduling routine & emergency visits

It is a pleasure to visit the office of family and cosmetic dentistry of Staten Island. Appointments are prompt, and the staff exhibits the highest standard of professionalism that is not seen these days. I would recommend family and cosmetic dentistry to anyone looking for the services that you render. Keep up the good work.
