TESTIMONIALS

Mike Hagler

Express Construction USA INC, led by Mohammad, was a pleasure to work with. Mohammad's quick responses and design expertise were impressive. The brick and concrete work they did on our house exceeded our expectations, making our home look fantastic. We're excited about future projects with this exceptional team!

Justin Luther

Structural Engineer

We were fortunate to find Express Construction USA INC, a company that offers both affordability and exceptional quality. Mohammed and his team were our heroes, fixing a patio that had been poorly done by another company. The transformation was incredible and we're absolutely satisfied. Their work on our entry hall was jaw-dropping. We extend our sincerest thanks to Express Construction USA INC for their outstanding service.
