HAPPY CUSTOMERS

We believe in the client's happiness.

We were so impressed with the work they did for us. They were able to take our vision and turn it into a reality, and they did it all on time and within budget. We would highly recommend them to anyone looking for a reliable partner.

Luna John
UX Designer

We were looking for a company that could help us develop a new website that was both visually appealing and user-friendly. We are so happy with the results, and we would highly recommend them to anyone looking for a new website.

Mark Smith
Marketing Specialist

We were looking for a company that could help us with our branding. We needed a website and marketing materials. They were able to create a brand identity that we loved. They worked with us to develop a logo.

Luke Reeves
Sales Manager

The Brands We Work With

The Brands We Work With If we're talking about air conditioning equipment, we know you only expect us to work with the best brands on the market. We know you want an air conditioning installation that will be there for you for years to come. These are the heating and air conditioning brands we work with:

American Standard

SAMSUNG

bryant[®]
Heating & Cooling Systems
Since 1904

Our Process

Our Process Providing Reliable HVAC Services is very clear to ensure satisfaction for our esteemed clients.

1

Service from A to Z

Sales, installation and repairs - all at one address. Close support from the moment of purchase to installation.

2

Professionalism and reliability

Hundreds of satisfied customers are not wrong. You can be sure that the work will be done in the best possible way.

3

Personal attention

We are always available for you to solve problems, questions or any other support you may need.

3

Punctuality

From the moment the service is ordered, we fly to you, an experienced team, advanced equipment, a feeling of devotion in which we come to help a person in need and give him an answer.

4

Service

For us, Shell Heating & Air Conditioning is the flag that symbolizes our company. Service is first. To give personal attention to the client and his needs while considering the client at all levels and to really provide a comprehensive and professional response to the distress caused to him.

5

A lot of experience

At Top Refrigeration, air conditioners are repaired only by highly experienced air conditioner technicians who have a certified air conditioner technician certificate, and the air conditioner technician team undergoes frequent training regarding all the latest innovations in the air conditioner industry.
