As a dental care provider committed to our patients' well-being, we are **thrilled to introduce the AI software After-Work Appointments For New Patients Now Available Every Day Until 9pm!** from Pearl into our practice. Pearl is renowned for its accuracy and approved by multiple international regulatory bodies, including the FDA.

This technology enhances our ability to read dental x-rays with

(347) 934-8370  
(tel: +13479348370)

exceptional precision, fostering greater transparency and accuracy.

Trained on the world's largest collection of expertly curated dental radiographs, Pearl's machine learning algorithms provide reliable support, acting as an always-on common concern, which is why

we want to improve our diagnostic performance and help you better—understand that dental anxiety

is a normal part of your dental visit. We prioritize your comfort and well-being during every dental visit. We understand that dental anxiety

can be a significant source of stress, and we offer nitrous oxide sedation dentistry to help you relax during treatments.

Nitrous oxide, commonly known as "laughing gas," is a mild sedative administered through a comfortable nasal mask. It induces a state of relaxation while keeping you fully conscious and able to communicate. The effects wear off quickly after the procedure, allowing you to resume your daily activities without downtime.

## WHY CHOOSE ORAL DENTAL STUDIO FOR ORAL SURGERY?

**Board-Certified Expertise:** Our Oral Surgeon has met the rigorous certification standards of the field, ensuring top-tier care for even the most complex dental and facial needs.

**Convenience and Comfort:** From consultation to treatment and follow-up care, everything happens in one location, ensuring a smooth and stress-free experience.

**Comprehensive Care:** Our team works collaboratively, integrating general dentistry and oral surgery to create personalized treatment plans tailored to your unique needs.

**Cutting-Edge Technology:** We use advanced tools, such as 3D imaging and guided surgical techniques, to deliver precise, efficient, and effective care.

Amazing dentists and staff, beautifully designed space, shiny and clean - and everything, including creature comforts, a dental office could possibly offer. Handled my emergency need, including a root canal, stat. Clear communication throughout.

Dr. Lander and the entire Oral staff made my experience so easy and stress free. Dr. Lander and dental hygienist were informative, kind and understanding with my concerns and anxiety. I hated the dentist in the past but from the first walk in everything is smooth sailing, check in was easy, they were able to take me a little early as I arrived early, paperwork was filled via computer no additional forms. The office also was very chic, having a variety of great products to freshen up before the visit. This office will be the dentist moving forward, thanks everyone!
