following a process
that ensures a
beautiful, professional result that
you'll love.

Our Painting Process

At CertaPro Painters® of Staten Island we take pride in our work ethic and process. Here is a brief overview of the painting process we'll follow over the course of your project:

1 Setup

Interior: Your furniture and décor are placed in the center of the room, covered with new plastic, and all flooring is protected with drop cloths.

Exterior: Areas to be painted are either power washed or hand washed to remove dirt and mildew.

2 Preparation

Interior: We will fill cracks and holes in ceilings and walls, seal stains and scuff-sand surfaces.

Exterior: We will scrape off loose paint and scuff-sand glossy areas and caulk previously caulked gaps to prevent water intrusion.

3 Painting

Interior: Any repaired areas are primed, premium-quality paint is applied to create a uniform finish.

Exterior: The repaired areas are primed before premium-quality paint is applied to your home's exterior, creating a uniform finish.

4 Clean Up

We treat your home just like it is our own – with the utmost care and respect. Therefore, we try to leave everything right where we found it and we pay close attention to doing a thorough job cleaning the work area.

5 Inspection

After our own inspection, we will invite you on a detailed walk-through of our work. You may also be contacted for a follow-up satisfaction survey so that we know how we measured up to your expectations.

Ready to make a change?

From the timing of your project to the budget, your locally owned and operated CertaPro Painters® keeps their word.

Your satisfaction is what matters most.
