OUR PROCESS

Your NJ Landscaping or Hardscaping Project Is In Good Hands

We understand that starting a big outdoor project can be overwhelming. Our landscape design process is time-tested and proven to transform your landscape visions into reality. Contact us today to get started.

OUR PROCESS (/OUR-PROCESS/)

□ Went great. In addition to the work described, they also trimmed things up nicely without charging more, and didn't complain about multiple wasp stings (because apparently there was a wasp's nest in the bushes). We had the work done to protect our house, and got a much nicer looking front yard out of it as a bonus. We had landscaping beds so high there were a couple of inches of dirt going on to the siding with mulch on top.... □

-Joanne – Monroe, NJ | Customer Since December 15, 2022

OUR PORTFOLIO (/PORTFOLIO/)

WE MADE THE COVER!

Check out our work that made the front cover of the Nicolock catalog!

Scenic View Landscaping is a customer-first based business. Our goal is to be well recognized as a reliable, customer oriented, quality business serving both the residential and commercial community. We offer landscaping, hardscaping, LED lighting and drainage work throughout most of New Jersey and parts of New York. We are fully insured and provide initial consultations at no cost.

Our full-service approach offers clients the benefit of receiving prompt, professional services from installation through maintenance.
