## How We Get It Right, Every Time!

### Old Way

### Our Way

I have to **remind** them what to clean

**No reminders**, our Custom Cleaning Blueprint makes sure instructions are never forgotten.

They miss **details & corners**

**Details, corners & edges** are always covered with our 50 Point Standard Checklist.

Different cleaners mean **inconsistent** results

**Consistent** results guaranteed. Our members are trained not just hired. Every member follows our system for the same **consistent** results.

I waste time **double-checking** and **fixing** results

**No double-checking**. Our work is logged & photo-verified. Proof of completion means **no fixing**.

I feel like I'm **managing** instead of hiring a complete service

Built-in accountability. If it's not right, we fix it. So you **never have to manage**.
