# From France to Japan... and Now to New York

Owner and master hair diagnostician Yukie Natori discovered the art of the **Head Spa** over 20 years ago while training at Japan's prestigious luxury salons. In 2019, she received advanced certification directly from **Josiane Laure**, the iconic French expert known for creating highly concentrated, certified-organic botanical oils that nourish the scalp and stimulate healthy hair growth.

Today, Yukie brings this exclusive technique to **Midtown Manhattan**, offering deeply therapeutic **scalp care** that detoxifies, improves circulation, and restores balance – the ultimate foundation for strong, beautiful hair and complete relaxation.

# Josiane Laure Method Luxury Head Spa

# (<https://yukienatori-newyork.com/head-spa-nyc/>) in NYC

The Josiane Laure Method is a transformative **Head Spa and scalp therapy** that awakens energy points on the head, improves circulation, and restores balance throughout the entire body. Using highly concentrated, organic botanical oils from France, this treatment deeply detoxifies the scalp, strengthens hair roots, and promotes healthy hair growth while melting away stress and tension.

Available exclusively at **Yukie Natori New York**, our certified team brings Madame Josiane's world-renowned **Head Spa** technique to Midtown Manhattan where true beauty begins with a healthy scalp and a calm mind.
